- We think 5,000 students is just the right size. We're large enough to offer a wide variety of opportunities, but we're small enough that you won't feel like you are just a number
- 90% of our faculty have the highest degree in their field but more important is their passion for engaging and advising students inside and outside the classroom
- More than half of our classes have 19 or fewer students and less than 5% have 50 students or more! Professors know our students by name and expect them to be engaged each class
- We enjoy a wonderful sense of community here, and our Honor Code is taken very seriously. We have a speaking tradition and you'll find that students and faculty here will hold the door for you and look you in the eye as you walk by

- Exceeding 3 years or 90 credits at your community college means you may have exhausted your financial aid at that college and have limited your future financial aid at CNU
