WHAT SHOULD I CONSIDER WHEN SELECTING COURSES?

- Create a schedule for all required courses, pay attention to prerequisites and when courses are offered, complete your first math and English courses in your first year. For help, see Transfer Steps and Resource Center at www.TransferVirginia.org
- Connect with an advisor at your community college and CNU within your first year. College Connect is available in your account at www.TransferVirginia.org

IS THIS DEGREE RIGHT FOR ME?

Criminology is the scientific study of crime as a social phenomenon. Criminologists explore the cause, extent, nature, and control of criminal behavior in individuals and society. Critical approach general coursework/topics - Students will take classes that examine the definition of crime, its role in society, and its relation to power and inequality. Students will also learn how to critically interrogate the criminal justice system, the way in which it operates, and its impact on individuals and communities.

WHAT IS THE IMPACT ON MY DEGREE OF WORK I HAVE ALREADY COMPLETED?

- **Associate Transfer Degree Completion:** The completion of a transfer-oriented associate degree (including completion of an associate degree in high school) will satisfy all lower-level liberal learning core requirements, excluding second language literacy, graduation requirements, upper-level requirements and concentration / minor / major requirements. Courses, with a grade of 'C' or better, that have a Christopher Newport equivalent will transfer for 60-66 hours of college-level credit.
- **Credit for Prior Learning:** CNU accepts AP, IB, Cambridge, CLEP and military credits
- **Catalog Year:** <https://cnu.edu/public/undergradcatalog/>

IS THIS COLLEGE RIGHT FOR ME?

- We think 5,000 students is just the right size. We're large enough to offer a wide variety of opportunities, but we're small enough that you won't feel like you are just a number.
- 90% of our faculty have the highest degree in their field but more important is their passion for engaging and advising students inside and outside the classroom.
- More than half of our classes have 19 or fewer students and less than 5% have 50 students or more! Professors know our students by name and expect them to be engaged each class.
- We enjoy a wonderful sense of community here, and our Honor Code is taken very seriously. We have a speaking tradition and you'll find that students and faculty here will hold the door for you and look you in the eye as you walk by.

DID YOU KNOW THAT...

- Completing your Associate transfer degree post-high school satisfies all lower-division general education requirements and increases the chance of completing your bachelor's degree?
- Exceeding 3 years or 90 credits at your community college means you may have exhausted your financial aid at that college and have limited your future financial aid at Christopher Newport University?

PROGRAM SUCCESSES & HIGHLIGHTS

- The two culminating elements of the criminology major are the capstone research project and the internship. In their capstone research, students design a research project, collect and analyze data, and present their findings. This project gives them experience identifying criminological questions that need to be answered, and then learning how to answer those questions through the original research.

- Criminology majors also complete an internship at an agency of their choice. This allows students to better connect concepts learned in the classroom with real-world applications through the internship experience. In addition, it provides students with experience and skills to be more competitive in the job market. Our graduates pursue a variety of fields, including research and policy work, non-profits, prevention and re-entry programs, victim services, and criminal justice agencies.

WHAT ARE MY CHANCES FOR GETTING ACCEPTED?

If you apply through general application instead of through the Guaranteed Admission Agreement, you will be considered for admission with all other transfer applicants.
