

Approved Passport and Uniform Certificate of General Studies Course Roster (November 20, 2025)

The Passport and Uniform Certificate of General Studies (UCGS) are programs in which all courses are transferable and contribute to the satisfaction of lower-division general education requirements at any Virginia public institution of higher education. The Passport is a component of the UCGS, comprising six course blocks (Blocks 1–6). The full UCGS includes these Passport courses plus an additional block (Block 7). To satisfy the Passport and/or the UCGS, students are required to complete the appropriate number of courses in each block. Student course selection should be carefully considered since the Passport and UCGS programs are not designed to capture the complexities of individual programs of study at the four-year institutions. Students should be advised to take the Passport and UCGS courses that best suit their intended program of study at the four-year institution. The Passport and UCGS Course Roster for the Virginia Community College System (VCCS) and Richard Bland College (RBC) are below. Only courses completed after May 2020 apply toward Passport and UCGS completion.
