IS THIS DEGREE RIGHT FOR ME?

The purpose of the B.S.Ed. in Elementary Education and Teaching degree is to prepare undergraduate students for roles as teachers of young children in schools, grades pre-kindergarten to six, and community preschool settings. The program will focus on providing students with a solid foundation in child development, education psychology and the role of the family and society in education. Students will be prepared to teach in diverse classroom settings through purposefully integrated fieldwork and internship experiences. The program prepares graduates to be reflective educators who demonstrate an in-depth understanding of science, social studies, mathematics and literacy pedagogy and content. Students will develop skills to advocate for equitable learning opportunities for all children. Upon successful completion of the program, and with the recommendation of the School of Education, students are eligible to receive initial licensure for elementary education (PK-6) from the Virginia Department of Education.

WHAT IS THE IMPACT ON MY DEGREE OF WORK I HAVE ALREADY COMPLETED?

- **Associate Transfer Degree Completion:** The completion of a transfer associate degree results in all lower-division general education requirements being met when you transfer to VCU.
- **Dual Enrollment – Completion of Associate Degree in HS:** The completion of an associate degree concurrent with high school results in 60 credits of coursework applied towards your degree and VCU's general education courses will be satisfied. High school students must apply to VCU as freshman applicants for orientation and engagement purposes.
- **Credit for Prior Learning:** VCU accepts AP, IB, Cambridge, CLEP, DANTES, and military credits.
- **Catalog Year:** VCU will honor the degree requirements of the VCU Undergraduate Bulletin in effect at the time of the student's first post-high school enrollment into an appropriate associate degree at the two-year institution. Students must stay enrolled at their community college and take no more than four years to complete their associate degree. Students must also enroll at VCU within one year of completing their associate degree.
